INDEX TO VOLUME VII

Abdomen, Pressure conditions within the, trans., 102.
Abdominal tuberculosis, 379; Supporters after laparotomy, experiments upon animals relative to the question of, trans., 600.
Abscess, Comparative methods of abdominal cœliotomy in the treatment of intrapelvic, trans., 593; Subdiaphragmatic, trans., 598; Of Gartner's canal, trans., 596.
Actinomycosis, Intestinal, abs., 103; Therapy of, abs., 603.
Acute suppurative infections by passive hyperæmia, A criticism on the treatment of, 288.
Adenofibroma and carcinoma of the breasts, trans., 369; Of the uterus, rev., 493.
ALEXANDER, M. D., F. R. C. S. (WILLIAM), The operations of ventrofixation or ventrosuspension of the uterus and shortening of the round ligaments, 408.
American Gynecological Society, trans., 21; 89. Association of Obstetricians and Gynecologists, Twenty-first Annual Meeting of the, trans., 591.
Amputation, A case of simultaneous, Gritti-Stokes and Pirogoff, trans., 370.
Anæmia and pregnancy, Pernicious, trans., 69.
Anæsthesia, Lumbar, and its after effects, abs., 490; Scopolamine-morphine, 414; Applicable to the extremities, A method of local, abs., 602.
Anal fistula, Advantage of the elastic ligature in the treatment of certain cases of, tech., 247.
Anastomosis, Transfusion and arterial, abs., 374.
Aneurism of the femoral artery, Traumatic, abs., 108.
Ankle-joint in infantile paralysis, Operation for the stiffening of the, abs., 488.
Ano-rectal imperforation in the new-born, A resumé of the surgical treatment of, 316.
Appendicitis, Acute and chronic, Some observations on, 47; In the old, abs., 107; The relation of the lesion in, to the leukocyte count, 308; Pulmonary embolism secondary to, abs., 376; Phlebitis of the left inferior extremity after an operation for, abs., 376; Senile, abs., 377; and membranous typhlo-appendicitis, abs., 377; Left-sided, abs., 377; Occurring in the nursing, abs., 377; Resembling ureteral calculus, tech., 485; The relation between the arterial blood-pressure of surgical kidney affections and, abs., 490.
Appendix, Primary carcinoma of the, 5; And cæcum. Primary cancer of the vermiform, abs., 377; On gangrene of the vermiform, 529; A case of tuberculous disease of the cæcum and, tech., 666.
Arterial suture, abs., 488.
Arteriosclerosis of the uterus, trans., 591.
ASHHURST, WILLIAM, A case of vesicovestibular fistula involving the whole urethra, tech., 479.
ATTRIDGE, J. A., The surgical treatment of tuberculous adenitis, with special reference to the cervical lymphatics, tech., 685.
Bacteria, The relation of the serous cavities to circulating, abs., 375.
BALDY, J. M., American Gynecological Society. President's address, 21; trans., 102.
BALLARD, C. N., Primary carcinoma of the body of the uterus, 460.
BARKLEY, A. H., Some observations on acute and chronic appendicitis, 47.
BARLING, F. R. C. S. (GILBERT), A note on operation for dislocation of the shoulder and of the hip, tech., 566.
BARRINGER, BENJAMIN S., The comparison of the total urea excreted by each kidney in surgical diseases of these organs, 651.
BEILBY, GEORGE E., A clinical study of hypernephroma, with pathological reports, 279.
Bibliography, Medical research and the utility of, ed., 259.
Bier's hyperæmic treatment, rev., 270.
BISHOP, E. STANMORE, Are gloves and masks advisable in modern surgery, tech., 250.
Bladder, Transperitoneal removal of tumors of the, abs., 378; Injuries of the, taking place during hernia operations, trans., 598.
Brain-tissue, Experimental studies in healing of, following aseptic surgery, abs., 491.
BREMERMAN, LEWIS WINE, The diagnosis and treatment of vesical calculus, tech., 573.
Broad ligament plication for uterine retroversion, Further studies of, 451.
BROWN, JOHN YOUNG, Report of a case of gastric tetany, operation and recovery, 558.
BUHLIG, WALTER HERMAN, So-called phlebitis of the left leg, 51; Upon a case of toxæmic pernicious vomiting of pregnancy, with total nitrogen and ammonia estimations, tech., 253.
Cæcum and appendix, A case of tuberculous disease of the, tech., 666.
Cæsarean section versus sections of the pelvis in dealing with mechanical obstruction to childbirth, 25; trans., 597; Extraperitoneal, abs., 694.
CAMPBELL, WILLIAM FRANCIS, A text-book of surgical anatomy, rev., 380.
Cancer, The lightening treatment of (Blitzbehandlung), abs., 108; Treatment of, On the thymus gland, abs., 375; Of the vermiform appendix and cæcum, Primary, abs., 377; Of the large intestine, Clinical forms of, abs., 603.
Cancerous rectum, Abdominal peritoneal amputation of, abs., 492; Process, The nature of the, 536.
CAPPS, J. A., Some observations in pleural reflexes, 243.
Carcinoma of the appendix, Primary, 5; And adenofibroma of the breasts, trans., 369; Of the body of the uterus, Primary, 460; Of the rectum, Excision of, by the combined method, abs., 489.
Cervix uteri, Myoma of the, trans., 598.
Chicago Surgical Society, trans., 264, 365, 586.
Cholecystectomy should not be performed as frequently as advocated by many surgeons, Some reasons why, abs., 103; With recovery of pure culture of typhoid baccilli from contents of the gall-bladder, tech., 362.
Cholecystitis in the second week of typhoid fever, Acute, tech., 362.
Cholesterin in bile and its significance in the formation of gall-stones, abs., 104.
Chorioepithelioma, abs., 111.
CHURCH, ARCHIBALD, Modern clinical medicine, rev., 708. Diseases of the nervous system, rev., 708.
CHURCHILL, JAMES T., Report of hernia of the ovary accompanied by strangulation in a child five months old, tech., 480.

194070

CROFTAN, ALFRED C., Pancreatic diabetes and its relation to gall-stones, 624.
CULLEN, THOMAS STEPHEN, Adenomyoma of the uterus, rev., 493.
Cyst of the thyreoglossal duct, tech., 357; Enormous ovarian, 515.
Cystitis cystica, The pathology and cystoscopy of, 274; glandularis et follicularis, 510.
Decapsulation of the kidneys in puerperal eclampsia, abs., 605.
Decidua, An early ovum imbedded in the, rev., 708.
Delivery, Intrapelvic (subpubic) versus abdominal method of dealing with mechanical obstruction to, in cases of confinement, trans., 99.
Diagnosis of pancreatitis, The, 621.
Diagnostic errors in children, abs., 376.
DIAKONOW, PROF. ORDINARIUS P. J., A contribution to the question of extrophy of the urinary bladder, fest., 695.
Dilatation of the stomach, Acute post-operative, 294.
Diseases of the heart, rev., 382; Of children for nurses, rev., 493; Of the nervous system, rev., 708; Of the cæcum and appendix, A case of tuberculous, tech., 666.
Dislocation of the hip, A practical suggestion in the reduction of dorsal, tech., 363; Of the shoulder-joint complicated by fracture of the upper extremity of the humerus, treatment of, abs., 378; Of the shoulder and of the hip, a note on operation of, tech., 566.
Duodenal ulcer, The diagnosis of, 449.
DYAS, F. G., Acute osteomyelitis, 550.
Dysmenorrhœa, On primary and secondary, abs., 112.
ECHOLS, CHESTER M., Advantage of the elastic ligature in the treatment of certain cases of anal fistula, tech., 247.
Eclampsia, decapsulation of the kidneys in puerperal, abs., 605.
Ectopic gestation, Immediate vs. delayed (expectant) operation in case of, 27; The diagnosis and treatment of, tech., 484; Etiology of, 519; Advanced, with living child, report of three cases, trans., 594.
EDMUNDS, M. B., M. S. (ARTHUR), Glandular enlargement and other diseases of the lymphatic system, rev., 381.
EISELSBERG, PROF. FREIHERR VON, A case of linitis plastica of the stomach (Brinton) cured by jejunostomy, fest., 254.
Embolism of the pulmonary artery, The treatment of, abs., 601.
Eminentia capitata, Fracture of the, tech., 342.
Empyema of an intrahepatic gall-bladder, trans., 266.
Endo-aneurysmorraphy (Matas) in the treatment of traumatic aneurism of the femoral artery, abs., 108.
Endometritis exfoliativa, trans., 99.
Epilepsy, traumatic, trans., 367.
Excision of the rectum, 113.
Exostosis of the os calcis, Gonorrhœal, abs., 489.
Extraperitoneal Cæsarean section, abs., 604.
Extra-uterine pregnancy, trans., 591.
Extrophy of the urinary bladder, A contribution to the question of, fest., 695.
FAY, O. J., Enormous ovarian cysts, 515.
Fibroids, Intraligamentous, trans., 598; Uterine, complicating pregnancy, trans., 598.
Fistula, Vesicovestibular, involving the whole urethra, A case of, tech., 479; Vesiculo-appendicular, abs., 376; Vesico-bronchial, abs., 106.
FLINT, CARLETON P., Fracture of the eminentia Capitata, tech., 342.
FOWLER, ROYALE HAMILTON, The relation of the lesion in appendicitis to the leukocyte count, 308.
Fracture of the skull, Sub-temporal decompressive operation for the intracranial complications associated with bursting, abs., 377; Of the upper extremity of the humerus, treatment of dislocation of the shoulder-joint, complicated by, abs., 378.
Fractures of the knee, Strain, abs., 378; Through the anatomical head of the humerus, with dislocation of the head, abs., 378.
FRIEDMAN, L. V., Puerperal salpingitis, 476.
